ADJUSTABLE WORKSTATION HDP-1

Key features:

- Ergonomic adjustable table with a central fluent height regulation
- Available in version with electric motor (HDP-1E) or manual (HDP-1M).
- Available in version on swivel feet or casters
- A universal, heavy-duty, multi-purpose adjustable workstation is equipped with a central mechanism of tabletop height adjustment. The construction is made of thick powder-coated steel, and the tabletop is made of 25-mm thick laminated MDF board, finished with white PVC.
- The stand is equipped with adjustable feet for easy leveling (optionally - wheels with brakes are available). May be used as assembly table, transporting components between workstations (when with wheels), as an office desk or production desk, or as a stand (support) for machines and equipment.

Specifications:

Maximum bearing capacity: 100 kg.
Box with stand: 880x760x165 mm, weight: 37 kg
Tabletop weight: 16 kg
Tabletop size: 1100x750x25 mm

Other tabletop sizes available on demand.
