PNEUMATIC LIFTING TURNTABLE FOR LEATHER ST-3/OS

Table ST-3/OS is designed for leather cutting. Swivel tabletop has diameter 200 см and is made of laminated chipboard. Tabletop can be inclined at a 17° angle. This creates optimal working conditions during leather cutting – leather piece can be rotated without moving.

Key features:

- This solid construction is based on steel profiles and pneumatic cylinder.
- The pneumatic cylinder is foot-controlled.
- The table has a connection slot for pneumatic tools.
- After turning the table off it blocks automatically (cutting power off does not make the table fold).
- The table can be equipped with a drawer for upholstery tools.
- It has been proven that using our lifting tables decrease the use of energy by 15% in comparison to upholstery trestles.
- An increase in productivity of at least 14% has been observed when employees used our lifting tables instead of regular upholstery trestles.

Specifications:

Model: ST-3/OS

Working pressure: 6 bar (87 PSI)

Tabletop dimensions: ⌀ 2000 mm (78.74")

Pneumatic cylinder: D125x600, 2xD63x200

Minimum height: 800 mm (31.49")

Maximum height: 1500 mm (59")

Maximum load: 70 kg (154.3 lbs)
