# WALL MOUNTED HEAVY-DUTY MATERIAL ROLL RACK LS-1/PC

Key features:

- Universal heavy duty stationary roll rack that can be fixed to the wall to save space.
- The frame is made of powder painted steel profiles.
- Roll clamps help to hold the roll in place. The feed bar is mounted on special rollers with ball bearing rollers.
- Material pipe can be optionally equipped with a brake which protects against self-unwinding fabric.
- We offer custom-made stationary roll racks with different dimensions.
- The unwinder is equipped with an additional ball-bearing rewinding roller, which allows one to unwind the fabric at the level of the table

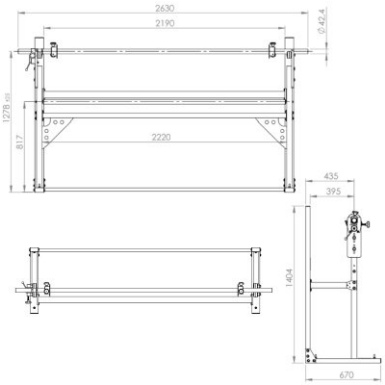

Specifications:
